Vermont Business and Industry EXPO 2010 Booth Registration Now Open

The Vermont Chamber of Commerce is pleased to announce that booth registration is now open for the Vermont Business and Industry EXPO. The exposition will be held on May 26 & 27, 2010, at the Sheraton Hotel & Conference Center in Burlington, Vermont.

Don't hide in the shadows of today's economy. Let EXPO 2010 drive your marketing plan and put your company in front of Vermont's business community. Now in its 26th year, EXPO is the region's largest business-to-business trade show, hosting nearly 200 exhibitors as well as a wide array of special events and seminars. The 3,000 business people who attend EXPO are provided with valuable educational and networking opportunities. Additionally, the Deane C. Davis Outstanding Business of the Year distinction is presented at the opening ceremonies of EXPO. This is the perfect opportunity to bring Vermont companies into the spotlight and bolster the economy in the Green Mountain State.

EXPO features a two-floor trade show that is designed to afford optimal visibility to all exhibitors. The costs of the booth include a pipe and drape booth with an 8' high back, 3' high side rails and a 6' skirted table. Among many other amenities provided to exhibitors, free admission to both the trade show and exhibitor breakfast for all exhibition staff is provided. Exhibiting businesses are provided with a pre-show listing and business description in *Vermont Business Magazine* and also on the EXPO website.

Visit our website at www.vtexpo.com for additional information and for booth registration. Booths are assigned on a first come, first serve basis and are selling quickly!

Contact Antonia Opitz at the Vermont Chamber at aopitz@vtchamber or (802) 223-0603 with any questions.

In business since 1912, the Vermont Chamber of Commerce is a private, non-profit business organization with 1,500 members, collectively employing 45,000 people, representing all sectors of the state's economy. Our mission is to create an economic climate conducive to business growth and preservation of the Vermont quality of life.
